

# Gas turbine

## Intake

### Composite inlet ducts

- Static & rotating seals
- Nacelle lips
- Fan cases
- Cones

## Compression

- Cases
- Lockplates
- Honeycomb segments
- Rings
- Shafts & discs
- Seals
- Spacers

## Turbine

- Air guide tubes, vane inserts, impingement plates & baffles
- Rotor discs
- Seals
- Segments
- Casings
- High/low pressure turbine components
- Shafts & shrouds

## Gearbox

- Cases
- Shafts
- Splines

## Exhaust

### Composite exhaust flaps

- Ring assemblies
- Spacers
- Jet pipes

## Externals

- Nacelles
- Link arms
- Engine mounts
- Support bracketry
- Tension struts
- Oil tanks
- Hydraulic and fuel line components and assemblies
- Circuit box housings

## Combustion

- Combustion cans & transition ducts
- Combustion rings
- Injector components, burners & assemblies
- Rotor discs
- Fuel delivery components & assemblies
- Burner cases
- Air inlets
- Hot gas path fabrications
